Career Tech Education

ASSIST Education's accredited school — ADVANTAGES School International (ASI), provides programs that are award winning and fully accredited by AdvancED. ASI has had thousands of graduates from around the world take advantage of our virtual online programs. Many of ASI's most successful graduates are from around the world including United States, Latin America, Southeast Asia and the Middle East.

ASSIST Education's certificate pathways connect state, industry, and national standards with real-world skills to prepare students for success in their careers and further education. Official transcripts and certificates are issued from our accredited school upon successful completion of the online program.

ASI's catalog prioritizes offering complete programs of study in high pay, high demand career clusters. Carefully designed sequences of introductory, intermediate, and capstone-level courses ensure students graduate ready for a job, certification, or technical school. Built to state, industry, and national standards, ASSIST Certificate Courses provide students with the knowledge and skills required for career readiness.

Career and Technical Certificate options designed to supplement your existing school programs.

Provide a Student-Centered Learning Experience

Learn by Doing—Each lesson includes multiple opportunities for students to build knowledge through inquiry, creation, connection, observation, and confirmation. This active learning approach develops critical thinking skills and prepares students for success in the workforce.

Individualized Support—As students move through the courses, they benefit from continual feedback, opt-in supports, and scaffolds embedded in the courses. Schools may offer courses as a whole class instruction or as asynchronous learning.
