\* According to UCOP guidelines, a Language other than English course can only receive the Honors quantitative designation (i.e. the extra GPA points) if it is a level 3 course or higher. Our Honors Spanish I and 2 course are only level 1 and 2. However, these level 1 and 2 courses will still appear in our course listings and on student transcripts as Honors courses. So while a student will NOT receive the quantitative value for these Honors language courses, they will receive the qualitative value for them.
