THINK. LEARN. REALIZE.

ADVANTAGES Digital Learning Solutions (ADLS) works with education leaders, and B2B representatives looking to implement digital resources, addressing the need for flexible schooling operations without overwhelming teachers and staff.

We provide the Ed Tech toolkit and expertise to circumvent going it alone. We partner with you and share our 60+ years of online learning experience, with authentic program implementations built with your unique needs in mind.

Our single, privately owned platform handles all school and student management with digital content delivery that supports any teaching scenario your school can dream of. Imagine all of your needs being met in a single, web based environment. And you can access from any device, even our Mobile App.

Be confident that you are taking the best next step forward in implementing an online learning solution that meets *YOUR* unique set of needs.

ADLS, has been providing quality education to students everywhere for over a decade. Our students and school partners span the globe.

Education Solutions Provider

ADVANTAGES Digital Learning Solutions supports independent programs, public and private schools, districts, and international schools. We have our own privately owned delivery platform and a fully accredited school, Advantages School International (ASI).

K-12 education for all students anytime, anywhere.
