

**Administrative Features:**

**Attendance System:** ASSIST boasts a robust attendance monitoring system. Attendance can be taken the class or administrative level. Parents can view student attendance on their portal, as well as request absences that will be sent directly to the attendance administrator.

**Registrar's Office:** We, at ASSIST, understand the demand the Registrar faces. ASSIST allows Associate Registrars to work under the Registrar's Office. The Associates are able to run official transcripts and monitor enrollment information.

**Customizable Student Status:** ASSIST now allows school to customize their student status labels. Please work with your ADLS representative to customize your student statuses.

**Course Tab:** The course tab lets you view your course library. We have enabled a universal search feature so you can search through your existing sections in ASSIST.

Course	Department	Sections	Students	Status	Code	Course Name on Transcript	Online Content	Action
Accounting I	Electives	0	0	Active			Accounting I - APEX	☑ ✕
Accounting I Sem 1	Electives	0	0	Active			Accounting I Sem 1 - APEX	☑ ✕
Accounting I Sem 2	Electives	0	0	Active			Accounting I Sem 2 - APEX	☑ ✕
Accounting II	Electives	0	0	Active			Accounting II - APEX	☑ ✕

**Password Security:** ASSIST is always improving our user's security. Now schools can customize their password security. By selecting the date to mandate passwords be changed, to changing upon log in, administrators can determine their preference. Please work with your ADLS representative to customize your password security.

**Student Features:**

**Official Transcript Request:** For school using this feature, students can now request transcript right from viewing their unofficial transcript in their portal.

**Teacher Features:**

ASSIST has launched the Teacher version of our Mobile App. You can download the App on Google Play or Apple App Store. This supports all major features of the Desk top ASSIST including, accessing online content, messaging, and attendance.
